GrainLab™ / GrainLab Go™ Analyzer
Activation Instructions

Thank you for purchasing the GrainLab™ Analyzer or the GrainLab Go™ Analyzer! To ensure your device is activated and ready to use, you'll need to complete a quick registration process.

What You Need to Do Now

- Begin Device Activation
  - Go to **DICKEY-john.com/product-activation**
  - Enter your name, email, phone, model, and device serial number (found on your unit).
  - Submit your registration for activation.
- Watch for an Activation In-Progress Email
  - Once your registration is submitted, you'll see a confirmation on the screen that your request has been received.
  - No further action is required at this time. The DICKEY-john® team will begin the activation process.

What Happens Next?

- The activation process will take up to 48 hours or 2 business days.
- Once complete, you will receive a "Final Activation: Password/Password Reset" Email with instructions on:
  - Logging into the DICKEY-john® Cloud Service
  - Downloading the PC software (GrainLab) and phone App (GrainLab GO)
  - Syncing your device

You will not be able to log in or use your device until you receive this activation email. If you have any questions in the meantime, DICKEY-john® Customer Support is available at +1 800-637-3302 or djservice@dickey-john.com.

Best regards,
DICKEY-john Customer Support
